Successful Failures: Learning from  
unsuccessful policies

# Welcome

# Workshop objectives

- Interactive and lots of open discussion
- New insights of how to prevent and deal with failure
- Provide ways to reduce fear of failure and so move towards experimentation
- New connections

# Workshop Structure

<b>16:10 - 16:40</b>	<b>Experiencing failure</b>
<b>16:40 - 16:55</b>	<b>Reason for failures</b>
<b>16:55 - 17:15</b>	<b>Learning from failure</b>

## Chatham House Rule:

*“participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed”*

# Reflection on failure

Your experience with failure

Lack of success

An unsuccessful person or thing

The action or state of not functioning

A lack or deficiency of a desirable quality

# Failure

The neglect or omission of expected or required action

The collapse of a business

A sudden cessation of power

# How comfortable is your organisation with failure?

First Activity

How comfortable are you  
dealing with failure?

# WHY?

# Reasons for failure

When have you  
experienced failure?

What caused  
the failure

Would you consider  
it a **GOOD** or **BAD**  
failure?

## Causes of failure

Inattention

Deviance

Process  
complexity

Process  
inadequacy

Uncertainty

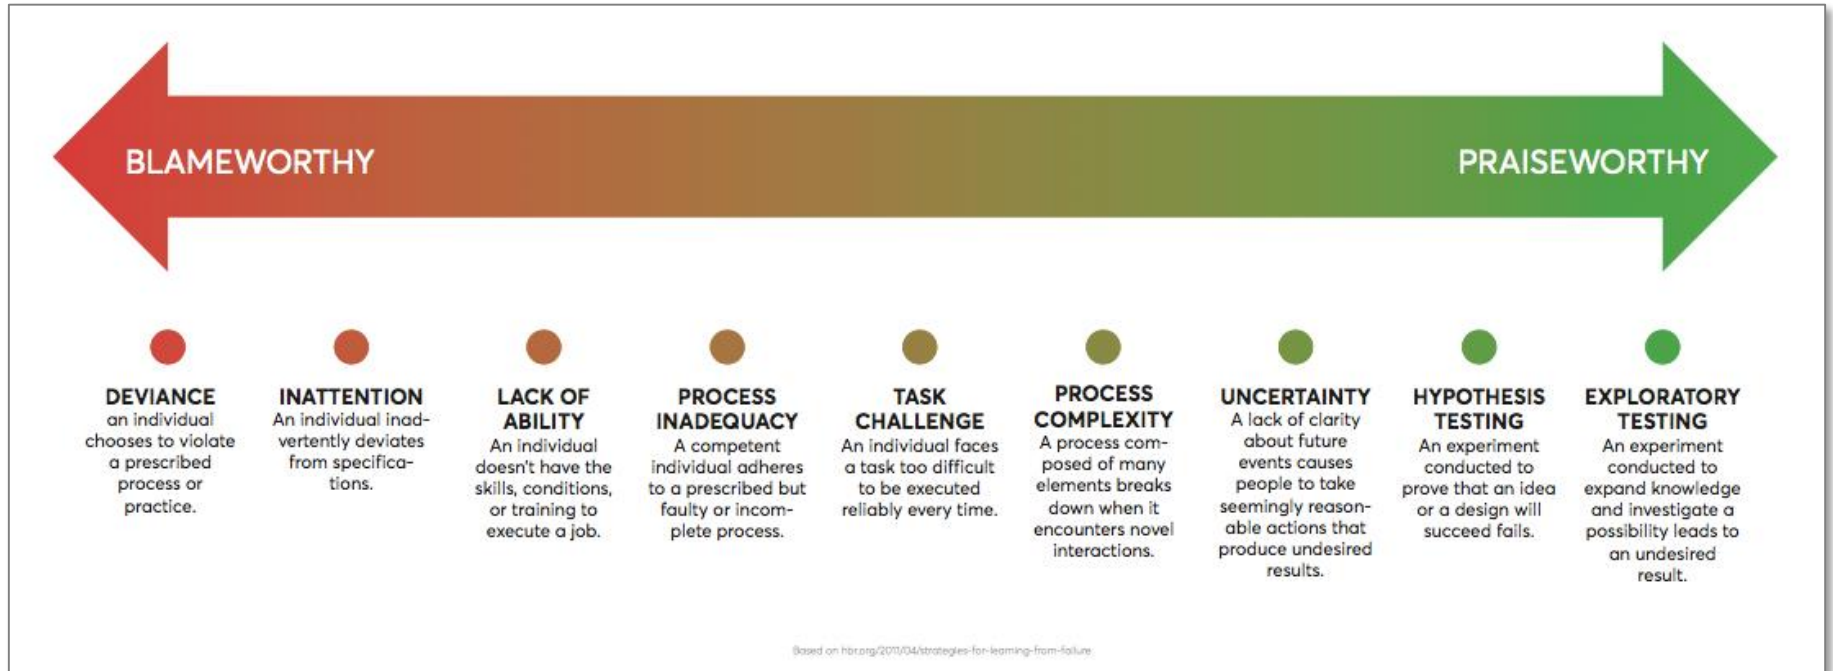

Lack of  
evidence

Lack of ability

Task challenge

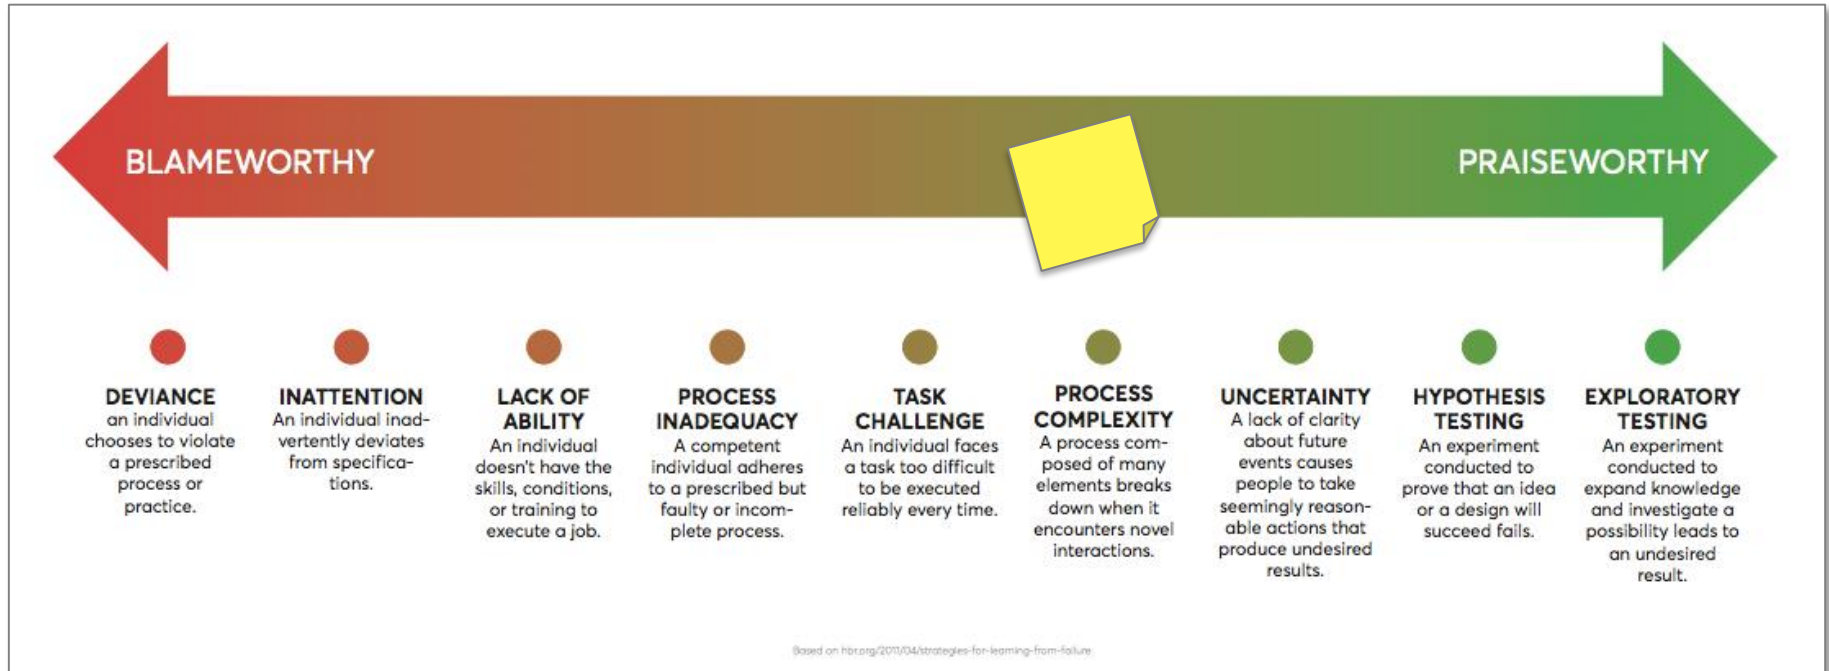

# Spectrum of failure

# Spectrum of failure

Where is your failure on this spectrum?

# Learning from failure

## Section 2

When can a **GOOD** failure  
go **BAD**?

What did you learn from  
that failure?

## BAD FAILURE

What are its characteristics?

How to avoid or prevent it?

## GOOD FAILURE

What are its characteristics?

How to learn from it?

All ask them them to record characteristics of bad and good failure and ways to avoid or learn from them
